The Lenape Nation of Pennsylvania is proud to announce the Grand Opening of their new Cultural Center and Trading Post on Sunday, July 11, 2010. In an effort to stay in keeping with the Lenape Mission of “...*through united effort, to promote and preserve the economic, moral, cultural, educational, and health status of the Lenape Nation and its people*’, the Cultural Center will offer regular programming, artifact displays and the Lenape Trading Post.

Cultural programs will include story telling, beading demonstrations, sacred site topics/discussions, musical performances and language workshops.

The Trading Post offerings include traditional and contemporary items, to appeal to the young and the not-so-young. The diverse offerings are predominantly geared towards promoting education via items such as Children’s Coloring and Song Books, Lenape Dictionary, Indigenous Cookbooks, Native American Stories & Legends, History Resources, Music CD’s, various other literature offerings, the ever popular Lenape T-Shirts, beautiful hand-beaded items, and greeting cards with original designs created by Native Americans.

The Nation is honored and grateful for the generosity of the Northampton County Historical & Genealogical Society (NHCHGS) for the use of portions of Easton’s oldest historical building, the Bachmann Publik House., located at 2<sup>nd</sup> & Northampton Streets, Easton, PA.

Please join us on this festive occasion as we celebrate this new chapter in our cultural outreach.
